A three-day hands-on and scientifically-based course for all general practitioners

Start with a little theory, practice on extracted teeth, and then learn to implement your new skills on one of your patients while under the supervision of our team of endodontists. This course is perfect for those who want to improve their results with rotary endodontics.

Friday through Sunday, January 11-13, 2019 @ Richmond Endodontic Boardroom, Richmond BC
