THE PROGRAM

This course will be presented in 3 sessions, to allow you and your family to still enjoy the beauty and outdoor adventures that Whistler has to offer.

The course will provide the latest evidence-based information on three topics in the field of Endodontics.

FRIDAY, JANUARY 22, 2021

3:30 PM - 6:30 PM

Endodontic Diagnosis

Dr. Joel Fransen

Successful treatment relies on an accurate diagnosis. This presentation will cover tips and tricks for elucidating the true pulp and periradicular status of teeth. In addition to how to attain a correct diagnosis, we will also review the relevant terms one needs to use. A number of interesting and thought-provoking cases will sharpen your diagnostic acumen and make you the diagnostic king of the mountain.

LEARNING OBJECTIVES

1. Learn and understand the correct pulpal and periradicular diagnoses
2. Learn the a systematic approach to evaluating, testing, and accurately diagnosing teeth

SATURDAY, JANUARY 23, 2021

3:30 PM - 6:30 PM

Management of Dental Trauma Injuries

Dr. Joel Fransen

Take the drama out of trauma. This session will reintroduce you to the beauty of broken teeth and how best to tackle these scheduling-destroying emergencies. You will be exposed to a systematic approach to successful treatment of these teeth along with their often anxious patients. Many modern methods & material have improved our ability to save traumatised teeth, and this session will introduce you to these new developments.

LEARNING OBJECTIVES

1. Be able to diagnosis the different types of trauma
2. Understand the implications and treatment regimen for each type of trauma

PRESENTERS

Dr. Joel Fransen, BSc (OT), DMD, FRCD(C), Cert. Endo

Dr. Joel Fransen is a certified specialist in endodontics; he is registered to practice in both the British Columbia and the Yukon Territory. He attained his Doctorate of Dental

Medicine (DMD) from the University of British Columbia and for seven years worked as a general dentist before venturing down to Dallas for three years to complete a Post-Graduate Certificate in Endodontics (cert Endo) from the Baylor School of Dentistry, Texas A&M Health Sciences Center.

Dr. Fransen opened the Richmond Endodontic Centre in 2010. In 2011, Dr. Fransen became the first recognized endodontist in the Yukon. He also travels to Fort St. John and Williams Lake, BC providing endodontic services. The Township Endodontic Centre was opened by Drs. Fransen, Sha, Hallen, and Rezaie in 2016 in Langley, British Columbia.

Dr. Fransen is a past president of the British Columbia Society of Endodontists and the Dental Specialists Society of BC.

SUNDAY, JANUARY 24, 2021

8:00 AM - 11:00 AM

Apical Surgery

Dr. Michael Sha

Apical microsurgery is a good alternative option to teeth if either the tooth cannot be retreated or the retreatment has failed. Case selection is very important to ensure high success rate of apicoectomy. We will go into case selection criteria and a recipe book on how to select and ensure a successful apical surgery in your office.

LEARNING OBJECTIVES

1. Know when to recommended apicoectomy (case selection)
2. Understand the theory behind retro-prep and retro-fill (retro-filling materials will be discussed)
3. Introduce the instruments to use to do an apical surgery in your office

Dr. Michael Sha, BSc, DMD, FRCD(C), Cert. Endo

Dr. Michael Sha graduated from UBC Dentistry in 2007 and went on to complete his Endodontic specialty training from Temple University in 2010. Dr. Sha has been practicing full time as an Endodontic Specialist in Abbotsford and in Maple Ridge.

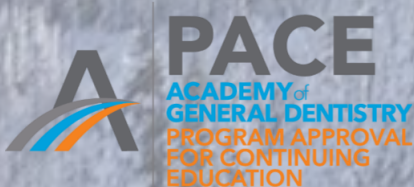

As a fellow of the Royal College of Dentists of Canada and a Certified Endodontic Specialist in BC and Canada, Dr. Sha guarantees unsurpassed quality of care for his patients.
